### **Abstract:**

The hyperboles characters and their thought have been challengeable and problematic debates between the Muslims consistently.

Hyperboles debates is subset of Shiite Imams studies and because of this reason,they encounter to it and reckon it disagreeable at their talks and their behaviors .

Religious characters with rational and sympathetic qualities reveals the danger of hyperbole for Islam.

Imam Reza, The eighth Imam, try to explain, the danger of exaggeration to his followers.

We can see plenty of exaggeration and branches of deviation at the second century and at the beginning of third century

Hyperbole has no place in Islamic knowledge (theosophy) because of obedience from Imam.

The main question of this investigation, which based on documentary method is: what is the place of hyperboles character during the Imam Reza era and what was the encounter of Imam to them?
